

SAFETY DATA SHEET
Bowcare Bag In A Box Alcohol Gel 800ml

Page 1/2
Issued: 19.12.2013
Revision 1

1. Identification of the Substance/Preparation and of the Company/Undertaking

Product name: Bowcare Bag In A Box Alcohol Gel 800ml
Product code: 82.1016
Company name: GPP Hygiene
Bowcare House, Stephenson Drive
Waterwells Business Park
Quedgeley
Gloucestershire
GL2 2AG
Emergency Tel: 00 41 216 140404

2. Composition/Information on Ingredients

Ingredient	Contents
Ethyl Alcohol	10-65%
Deionised Water	>30%
Gelling Agent	<1%

3. Hazards Identification

Main hazards: Not hazardous.

4. First Aid Measures

Eye contact: Irritation and redness. Rinse well with copious quantities of clean water.
If irritation persists, seek medical attention.
Ingestion: Abdominal pain, sickness and diarrhoea. Do not induce vomiting.
Give small sips of milk or water to drink and seek medical attention.
Skin contact: Product is designed to be skin friendly.

5. Fire Fighting Measures

Extinguishing media: Product is flammable. Treat with dry chemical, foam or water-spray, do not use water jet. Burns with a blue flame.

6. Accidental Release Measures

General: Spillages are likely to be slippery and need to be contained to prevent entering a watercourse.
Clean up procedures: Small spillages can be rinsed away using plenty of water. Absorb spillage in inert material and transferred to secure container for disposal.

7. Handling and Storage

Handling requirements: Use only according to directions. Do not mix with other chemicals.
Storage conditions: Store away from children. Always ensure cap is replaced and tightened after use. Do not store in temperatures greater than 35C or less than 0C.

8. Exposure Controls/Personal Protection

Always maintain a good standard of occupational hygiene when handling chemicals.

Issued: 19.12.2013
Revision 1

9. Physical and Chemical Properties

Appearance: Clear water white gel.
Odour: Alcohol.
Solubility in water: Soluble.
Relative density: 0.88-0.92
pH: 7-8

10. Stability and Reactivity

Stability: Stable under normal conditions.

11. Toxicological Information

No significant health hazard when properly used for the application it was designed for.

12. Ecological Information

Persistence and degradability: Product is fully biodegradable.

13. Disposal Considerations

Disposal operations: Dispose of accordance to local regulations.

14. Transport Information

Product is not classified as hazardous for transportation purposes.

15. Regulatory Information

Note: Product is not classified as hazardous under CHIP regulations.

16. Additional Information

Additional Information: The responsibility to ensure safe working conditions within the workplace remains with the user. The health hazard and general information contained within the Safety Data Sheet are given as a guide to the precautions required to maintain a safe work environment.
