

GPP Hygiene 12 Point COSHH Safety Plan

Good housekeeping procedures must be undertaken to ensure safe work practices. Listed below are 12 points which will help establish the basis for a safer working environment with our Bowcare cleaning chemicals.

1. Always read product label or Material Safety Data Sheet before use and recognize hazard symbols.
2. Ensure that the product is suitable for the intended use.
3. Wear the appropriate protective clothing provided by your employer (eg. Gloves/Goggles).
4. Dilute concentrates accurately as directed on the label.
5. Do *not* mix chemicals. To do so may generate a toxic gas which can KILL.
6. Do *not* use unmarked containers. All bottles *must* be labelled correctly.
7. Do *not* use containers or bottles normally used for other purposes (eg. food or drink).
8. Store products safely and securely when not in use.
9. Keep products out of reach of children at all times.
10. Report all spillages or damaged containers to your supervisor.
11. Avoid contact with all chemicals. Report all accidents to your supervisor or seek medical advice, showing the product label and Material Safety Data Sheet.
12. *Always* use safe working practices. Obey the rules and do not take short cuts.
