

BOWCARE MEDISHIELD

BIOCIDAL CLEANER & DEODORISER

A powerful cleaner containing selective biocidal agents

Deodoriser and urine stain neutraliser
With proven efficacy against a wide range of bacteria, fungi, algae mould and yeast

MEDISHIELD is the professional's choice for eradicating malodours from urine, vomit, mildew, smoke, cooking and pet odours. Having a neutral pH, MEDISHIELD may be used safely on all surfaces, including carpets, fabrics, wood, ceramics, plastics and vinyl and is excellent when used as a pre spray for soiled items prior to machine or hand washing.

MEDISHIELD may also be added to cleaning detergents to add fragrance and odour neutralising properties.

When tested to BSEN1276, MEDISHIELD passed against the following organisms:

S.aureus STAPHYLOCOCCUS aureus
E.hirae ENTEROCOCCUS hirae
MRSA METHICILLIN-RESISTANT STAPHYLOCOCCUS AUREUS

What is MRSA?

MRSA stands for methicillin-resistant Staphylococcus aureus, which is a type of Staphylococcus aureus that is resistant to the antibacterial activity of methicillin and other related antibiotics of the penicillin class. Most strains of Staphylococcus aureus are now resistant to penicillin because Staphylococcus aureus can make a substance called β -lactamase that degrades penicillin, destroying its antibacterial activity.
